ANURADHA ELASTICS PVT.
LTD.

VEDANTA BUTTONS

Sewing thread is the yarn used to combine two or more fabric pieces together in garments, accessories and other textile products. Sewing thread may be a thin and delicate string, but it fastens together the fabric of an entire garment. The fabric we wear day in and day out, the mundane cotton blouse and the lacy wedding dress. The fabric, the seams, that cover us, warm us, protect us. Sewing dream to dream, story to story. Every story, every dream is stitched together. We want to move along the entire stitching journey of your textile product making it a stitching and wearing experience.

SOMANI THREADS PVT. LTD. has a powerful presence in sewing thread industry for more than four decades. Under the experienced guidance of management, the organisation has successfully created wide network across the length and breadth of the country.

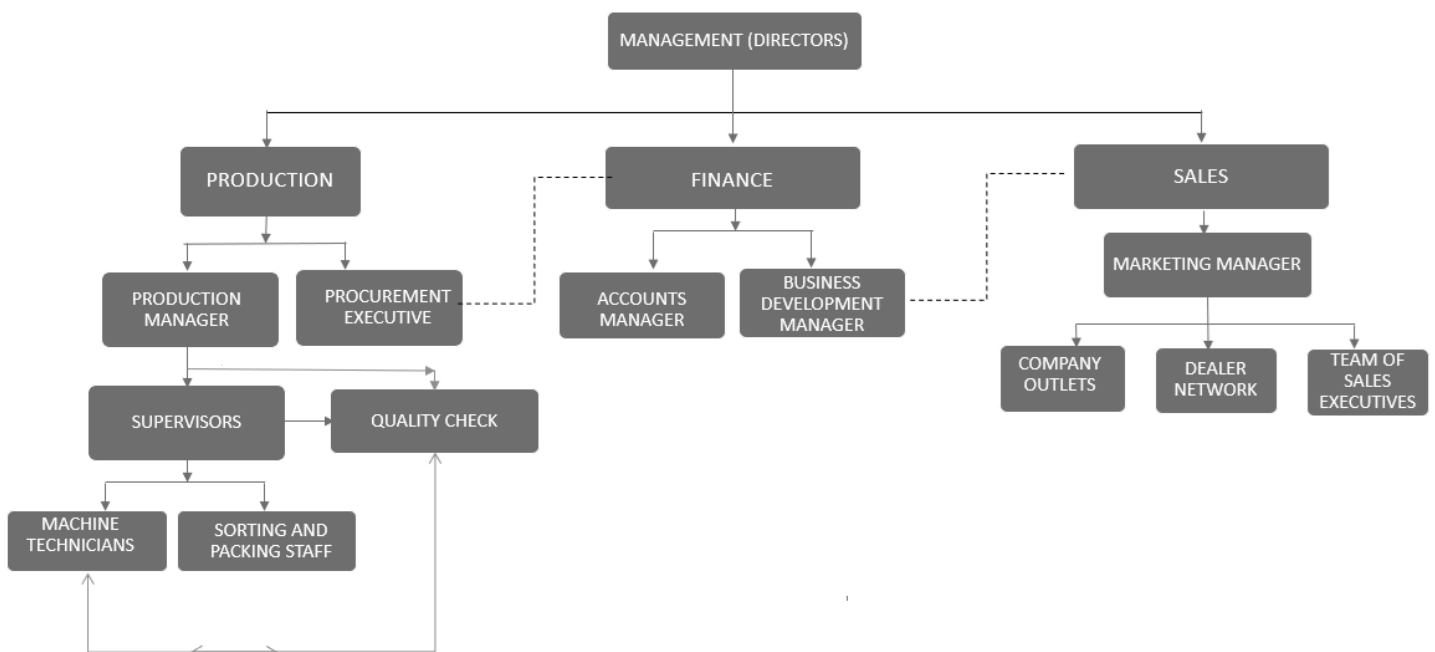

THE VISION

SOMANI THREADS PVT. LTD. should be on the top choices when it comes to SEW the fabric with strength and smoothness (free from imperfections such as knots, slubs, thick and thin places) with an assurance of environment friendly production.

THE MISSION

With a diligence to reach at the peak of technical excellence and to scrutinize new prospects of innovation, we strive to cater beneficiaries with the best product and services. Our main aim is to meet the expectation of our clients with the best quality product and prompt deliveries. Besides, we always propagate the utilization of new technologies and methods to enhance our services.
